

Hydro Facial Post-treatment information

After Treatment

- You may experience temporary irritation, redness or slight swelling which usually fades within 72hours depending on skin sensitivity.
- We advise to use SPF 30-50 following your treatment.
- Do not use glycolic or Retin-A products following the treatment until recommended by your skincare professional.
- Avoid all physical activities that may result in perspiration for 24 hours.
- Do not use saunas or swimming pools for 24 hours after treatment.

Should you experience any unexpected side effects or any that concern you, please contact the clinic as soon as possible.

Please ensure you discuss your overall treatment programme with your clinician as this will enable you to receive the best results from treatment.
