Place your trust in us. Being proactive about your health and identifying issues early is the key to keeping yourself well. Prevention is always better than a cure.

The sooner a health problem is diagnosed, the sooner steps can be taken to reduce your risks of disease or treat any illness found promptly. Our expert clinicians are on hand to offer their professional services, either face-to-face or via video.

Private GP Appointment - £90

All our face to face appointments are 30 minutes so you can discuss everything on your mind without the rush.

Virtual GP Appointment - £45

Our video consultations are ideal to discuss your needs, simple questions, medication reviews or follow up appointments. If we think a face-face appointment is more suitable for your needs, the cost of the video consultation will be deducted from the face to face appointment.

Comprehensive Annual Check-up - £450

90 minutes appointment with our doctor that includes:

Height, weight, BMI calculation, Blood Pressure, Pulse Oximetry and Lung Capacity measures (peak flow), Atrial Fibrillation screen (most common heart rhythm problem), medication review, lifestyle review, wellness goal setting, mental health review, full physical examination and a comprehensive report.

BLOOD TESTS

We work with leading UK laboratories to carry out your blood tests. You will have a 10-minute consultation to plan the tests required and a telephone consultation with our GP once your results are back to discuss what they mean and plan any treatments necessary.
